

# Have a Kern County Elections Official speak at your school

The Elections Division is excited to offer presentations to high schools on the election process, voter pre-registration, and the importance of civic engagement. Our team is available to provide informative sessions that empower students to become active participants in democracy.

Additionally, we will share opportunities through our student poll worker program, allowing students to gain valuable experience while contributing to their communities. If your school is interested in scheduling a presentation, please reach out to us—we're eager to support and inspire the next generation of voters!
